Make a Difference: Volunteer to Mentor at High School

Have you ever wanted to make a difference in a young person's life? Did you know that Patch American High School has an active Mentorship Program which partners students with adults? As a mentor, you can make a difference by motivating, becoming a friend and serving as a role model for a younger person. By portraying yourself as an individual who "lives up" to role expectations, you can help students grow.

The Heidelberg District envisions a Mentorship Program as enhancing the academic, social and emotional achievements of our students through genuine interpersonal relationships. This can be accomplished through the use of partnerships established among students, parents, community and staff.

And who will you be mentoring? Any student who would benefit from some extra adult attention. Volunteer to be a mentor and you could be a friend to a student who is shy or out-spoken, gifted or challenged.

So what are you waiting for? You would make a great mentor. Mentors are found in every community as service members, civilians, family members and contractors. They can be anyone who wants to help a young adult grow and learn. For more info contact Mrs. Zekel, 430-7191/civ. 0711-680-7191, or e-mail . (Winifred_Zekel@eu.ododedea.edu).
